

Town of Farmville, North Carolina

Large Power Service

(Schedule LPS)

Availability

Service under this Schedule is available for nonresidential electric service when the customer's peak registered demand is greater than 100 kilowatts. Alternating current, 60 hertz, will be provided at one of the Town's standard three-phase service voltages at one point of delivery.

Energy furnished under this Schedule may not be resold and may not be used for standby, temporary or seasonal service. Service may not be used in conjunction with generation on the customer's side of the meter, unless expressly approved in writing by the Town.

Monthly Rate

Customer Charge	\$100.00
Energy Charge: All kWh	\$.0586100 per kWh
Demand Charge: All kW	\$10.941 per kW

Billing Demand

Billing Demand will be the greater of the maximum measured kilowatts during any fifteen-minute interval in the billing month or the contract demand specified in the service agreement.

Payment Terms

Bills are due when received and are payable within 15 days of the date of the bill. For unpaid bills after the 15th day, a late fee of \$3.00 will be added to the balance. A delinquent fee of \$20.00, but not less than 1.5% of the unpaid balance, will be charged on any balance outstanding twenty-two days after the billing date. In addition, if any bill is not paid within 22 days from the date of the bill, the Town has the right to suspend service in accordance with its service regulations.

Minimum Term

The term of contract for service under this Schedule shall be as mutually agreed upon and specified in the service agreement, but not less than one year.

Sales Tax

State of North Carolina Utility Sales Tax will be added to charges for service.

Retail Energy Rider

All Energy usage is subject to tracking adjustments as might be reflected by NCEMPA Energy Rider 1. The current Energy charge adjustment is 0.374 cents per kWh.

Town of Farmville, North Carolina
Schedule LPS, continued

The City/Town will attempt to provide advance notice of tracking adjustments associated with rate changes charged to the Town/City from NCEMPA, or will notify Customer of changes as soon as practical after such changes are approved and adopted by NCEMPA.
